PROPOSAL REQUIREMENTS

1. **Reason** for proposed change (for example: repair damage, improve existing material, expand structure) ;
2. **Name of Builder/Contractor if applicable.**
3. **Site plan or plat** with location of change drawn to scale. Note distance from property lines and relationship to neighboring homes and structures. Mark existing easements and utilities. For fence or screen applications, application must show relationship of fence or screen to property line. (No site plan required for color change, window, door or roof modifications);
4. **Drawing, image, photo or illustration** of proposed change drawn to scale. Images should be clearly identifiable when compared to site plan or street view of property;
5. **Type of material** to be used (eg. Wood, Vinyl, Aluminum)
6. **Color or finish** (for example stain, paint or natural). Submit color sample for stain or paint;
 - a. **Painting Requirement** – Color samples must be painted on home. A 3 x 3 paint sample of every color requested. (siding, trim, windows, shutters, etc.)
7. **Grading or drainage plan** if changes are to be made to grade are expected to impact drainage (for example concrete and brick patios, ponds or irrigation systems). Any change to storm water runoff patterns or existing drainage requires notification of owners of properties that may be impacted;
8. **Landscape plan** showing trees and shrubs over 12' in height or with a trunk diameter exceeding 6" at the height of 2'. Required only for modification of structure footprint, deck or patio change, drainage or landscape modification request.
9. No work can begin on said request until such time as written approval is provided to applicant from Silverleaf Management Group after the ACC/BOD has provided a decision on said request to Silverleaf Management Group.

OTHER CONDITIONS

Some projects require permits from Gwinnett County or other enforcement entities. Applications to the ACC or ACC approval or denial does not affect or alter County, City, State or Federal legal requirements.

Any construction activity or modification prior to final written approval or subsequent to denial is not allowed as per Article VI of the Declaration of Covenants. The Association may require that such modifications be remediated to the original status at any time at the owner's expense.

Storage of construction materials, maintenance of worksite and parking of vehicles must be in compliance with the WT Declaration of Covenants.
